

Year One

Beech and Oak

18th September 2014

Maths Focus

This week we have been thinking addition and using the + and = symbols when adding 2 lots of numbers together.

We used cubes and dice to add two numbers together and had a go at writing down our number sentences,

e.g. $4 + 6 = 10$.

Can you use pasta as counters to help you solve some addition problems this week? You could make some number cards and choose two to add together! Can you write it as a number sentence?

Date for your Diary!
Look out for a trip letter coming home soon about our exciting Wisley trip on Tuesday 14th October.

Meet the Team Information

We are sending home some information from the meeting last week, including the One Page Profile which should be done with your child and returned to school. Please pop in and ask if there is anything you would like to ask us about it.

Cooking Money

Thank you for the money received so far! We cook one or twice during each topic and ask for a donation of £3 to cover ingredients. Please pop your money in an envelope and give it to Emily or Sheena.

Dear Parents,

What a great week we have had talking about our pets (even if we don't have one at home!). The children have practised writing on the line, using finger spaces and full stops. Some of us wrote clues for a 'guess my pet' game. We have started our phonics sessions this week and will soon be sending home 'Sound of the Week' books to at home. Thanks so much for helping your children settle so well in to Year One!

Emily and Sheena :)

Baby Photos Needed!

Please send in **one or two named** photos of your child when they were a baby or toddler. We are going to be talking about 'firsts' and how we have grown and changed. We will photocopy them and return them to make sure they stay safe.
