Maths—Measuring

We have been using metre sticks and rulers to measure objects this week. The children have learned how to place the ruler or metre stick at the start of the object and read the measurement very carefully.

Phonics

Thank you to your children for working **very** hard to learn their phonics so well!
The children took part in the government phonics screening assessment this week and we are now waiting to hear what the pass mark is. You will have the results in the end of term report. (No sound of the week this week!)

Pirates

Oak and Beech have a pirate ship in their classrooms waiting to set off to explore other countries!

This week we learned which countries form the UK and we had a try at drawing the Union Jack flag. We also started to find out about British animals and we had fun making some animal Top Trumps. Next week we will be travelling as pirates to France and learning about this fascinating country.

If you have any family or cultural connection with other countries we would love to hear from you. If you would like to talk to the children for about 5-10 minutes about a country you know well then please let us know. Many thanks,

Date for your diary:

Year One Trip to Painshill Park Tuesday 4th
July 2017

Please don't forget to hand in your consent form and payment to Ruth.
Thank you!
