

Just To Let You Know

Welcome Back! :-)

Hazel & Willow

Next Week

In phonics this term the children will be working in groups across the year group learning the sounds they are less familiar with.

Sessions will still be interactive and practical.

We have also started to work on letter formation-teaching 3 letters a week.

The letters are grouped in 'families.'

This week we have learning how to write c, a and d which are 'curly caterpillar letters.' Next week we will learning how

to write o, g and q. If you would like a

sheet of all the letters to have at home, please take one from the wallet outside your child's classroom.

We've had a great time learning about 3D shapes this week and remembering their funny names. Next week we will be practising our adding skills and using our bodies to help us.

In cooking we are going to be preparing and cutting up vegetables to dip in yummy houmus!

We will discuss why eating healthily is good for our bodies.

New LEAP!

Before half term, we talked to the children about ideas for a new LEAP (topic). Then we met together and the children voted for their favourite.

Cue the drum roll...

It's Body LEAP!

Both Willow and Hazel have role play Doctors surgeries/hospitals. It has been lovely to see and hear so many different accident and emergency scenarios being acted out!

We've also asked the children what they know about the body already and it will interesting to see how this develops over the half term...

Donations

If you happen to be having a sort out at any time, we would be very grateful for any dolls or bathroom scales for our role play areas as well as cushions for our cosy corners. We are also in need of recycled junk for junk modelling.

Due to allergies however, they need to be **egg/dairy/nut free**. Office based boxes, toiletries, non dairy drink bottles, old wrapping, ribbon, tubes etc would be very welcome!
