

Oak and Beech Class

Friday 5th February 2016

Maths Corner

We have enjoyed some number challenges this week. The children have been working hard to think of different ways to make a number. Eg 12 can be made by

$6 + 6 = 12$, $12 - 0 = 12$, $7 + 1 + 4 = 12$, $20 - 8 = 12$ etc.

Have a try at home with this fun challenge!

Dear Parents

Wow! It's been Art Week and the children have been very busy learning new techniques to create their exhibits using paint brushes, collage, print and oil pastels. The children took their inspiration from the Traditional Tales we have been reading. We hope you enjoyed the exhibition!

The children have also been very busy writing their Art Diaries which we hope you enjoyed.

Wild Place

Thank you very much for helping us at the Wild Place this week! We had a wonderful time building stick houses for the Little Pigs.

Bedtime Story Night 10th February

Looking forward to seeing the children in their PJ's at 5.15 pm.

Have a great weekend! Sarah and Sheena :))

Sound of the Week

Please continue to do the activities each week, they really help your child to learn and apply their phonics skills.

Wild Place 9th Feb.

We won't be going this week as we are assessing the children's Phonics and Maths.
