

Topic fun

This week we have been working hard in our LEAPS. Fossils group have been making skeleton pictures out of art straws. Habitats group have made a giant Pterodactyl. Models group have been thinking about making a moving T-Rex jaw, while Sound and Vision have made a sound board for their exciting film. The Café group have been designing an exciting menu and shopping list and Marketing have been designing the museum brochure.

I'm bored box

Why not have a go at making your own models out of clay, plasticine, play dough or even bread dough or biscuits? Find pictures on the internet and make your models as realistic as possible!

This week we have been learning to measure carefully. We have calculated the difference between 2 straws of different lengths.

Difference:
Can you write a number sentence to show the difference between some of these lengths?

24cm 30cm 15cm
4cm 12cm

This week

These are the questions we have been thinking about this week. How many of them can you answer? Some of them are about what you think, and some have more specific answers.

What did you do this week that helped your group?

What does compromise mean?

How does someone else know you are listening to them?

Nuts and bolts.

Remember to practise all the different ways we can make -ing words. Can you remember all the rules? Add -ing to these words

Run Make See Hide Tie

Can you think of any others?

Things to remember...

Change of date for Pewley Dinosaur Museum!

This will now take place on **FRIDAY 5TH JULY**

Water bottles—please make sure your child has one in school every day.

Dinosaurs

Friday 7th June 2013

Writing Corner

Can you find a dinosaur poem that rhymes and have a go at writing one yourself? Remember to start a new line each time so that your rhyming words are underneath each other! Think about what sounds are easy to rhyme with and which are not.
