

Dinosaurs

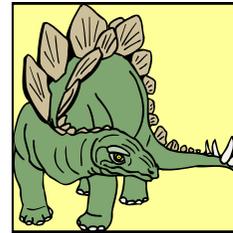

Topic fun

This week we have been working hard in our LEAP groups again to make, build and write things to go in our museum. Models group have designed the photo wall and painted dinosaur eggs. Fossils group have made some lovely clay fossils bones, claws and ammonites. Habitats group have labelled their own diagram of different habitats around school. The Café group have made their signs for the delicious food they will be serving and Advertising have continued to make signs and labels for the museum. Sound and Vision have been practising their scenes and hope to make their final 'take' next week!

Maths

We introduced sharing and division this week. We talked about sharing an even number (below 20) of objects equally into as many different number of sets as possible eg
12 eggs shared equally into 2 baskets, 3 baskets, 4 baskets, 6 baskets. How many would be in each basket?
16 pencils into 2 pots, 4 pots, 8 pots. How many in each pot?
22 sweets into 2 bags, 11 bags. How many in each bag?

Nuts and bolts.

We have been revising 'magic e' words this week such as - face, like, tone, June, phone. How many 'magic e' words can you use in a silly song?

I'm bored box

Why not try to dress up one of your toys as a dinosaur? You could use bits of fabric, milk bottle tops, egg boxes, card and old wrapping paper. Take a photo and bring it in!

Things to remember...

Walnut Class will need to bring in a packed lunch to school on Wednesday 26th June. This is because our new Reception children are staying for lunch. Chestnut Class will need to bring a packed lunch on Thursday 4th July.

Writing Corner

Can you make signs to direct people to your bedroom, starting at the front door? You can use arrow, words and pictures to help.

Friday 21st June 2013
