

# Just to let you know...

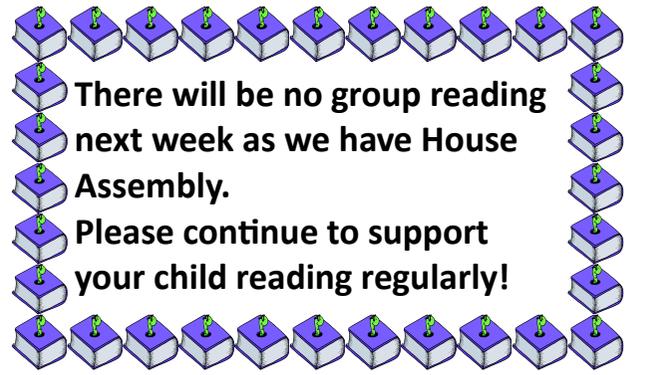

On Wednesday, the children were delighted to discover that their applications to take part in the Great Expedition around the British Empire were successful! They were assigned a region group to work with and have been making exciting plans for their imaginary trek. Depending on their specialist interests (anthropologist/naturalist/ inventor), each member of the team will be making artefacts, maps, models and inventions to display at our end of term exhibition.

**Weekend project:** The children will need to find out about the climate, physical geography and size of their region to which they will be travelling.

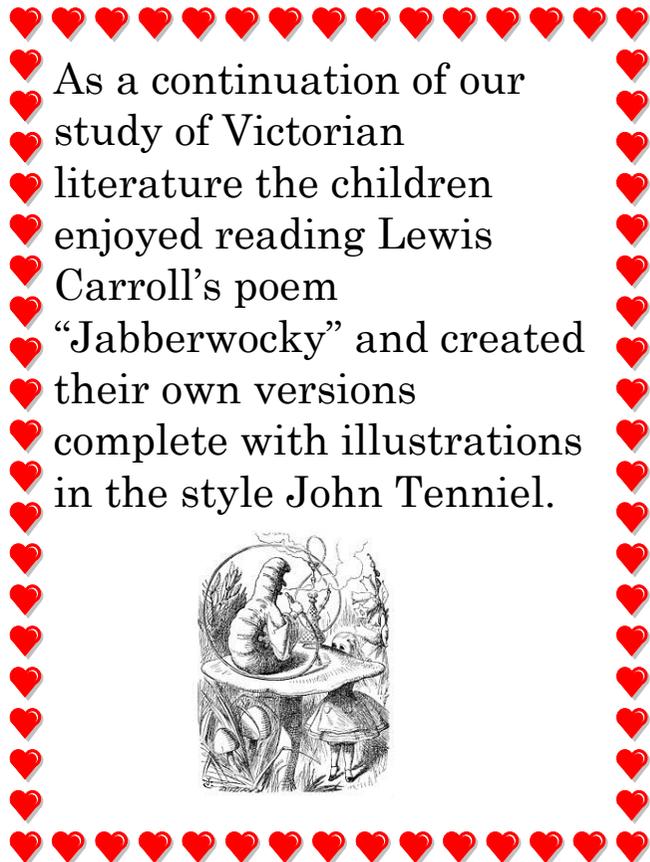

### COSTUMES

*At the exhibition on Wednesday 17th July, we would like all the children to be wearing a Victorian Costume—please start making plans now!*

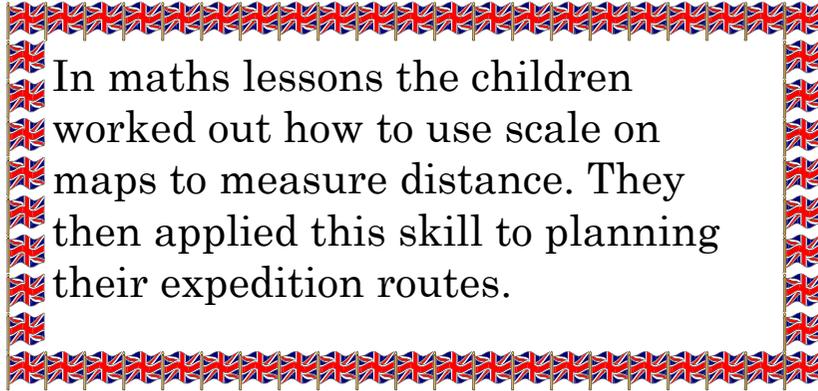

**There will be no group reading next week as we have House Assembly. Please continue to support your child reading regularly!**

- \* Dear Parents,
- \* At last the sunny weather has arrived; please remember to talk to your children about sensible sun behaviour and send them in with sun protection cream, hats and water bottles.
- \* Please see page two for the Trinity Trek kit list. Do make sure any outstanding medical forms are returned.
- \* Best wishes,
- \* Clare, Tracey, Sarah, Mary and Helen

As a continuation of our study of Victorian literature the children enjoyed reading Lewis Carroll's poem "Jabberwocky" and created their own versions complete with illustrations in the style John Tenniel.

In maths lessons the children worked out how to use scale on maps to measure distance. They then applied this skill to planning their expedition routes.
